

Camera Ready Instructions for INTERACCION 2012

Dear Accepted Author,

Thank you for participating in the **13th International Conference Interacción Persona-Ordenador (INTERACCION 2012)**. This document will acquaint you with the formatting and submission instructions for the FINAL VERSION of your paper or extended abstract to the proceedings and/or the ACM DL, the required fields, and how and where to complete the appropriate ACM Copyright or Permission-Release forms.

You have to use the ACM Word or LaTeX style templates to prepare your articles. See: <http://www.acm.org/sigs/publications/proceedings-templates>

The ACM Classification Keywords (known as "Classifiers" on the PCS submission page) are automatically extracted by PCS from your submitted pdf when you submit. These classifiers **MUST** appear on the first page of your PDF so they can be extracted.

Your final submission **MUST NOT** contain any footer or header string information at the top or bottom of each page, nor any page numbering. The submissions will be paginated in a determined order by the chairs and page numbers added to the PDF during the compiling, indexing, and pagination process.

Your final submission should have the copyright statement and bibliographic strip on the bottom of the first page left column:

Permission to make digital or hard copies of all or part of this work for personal or classroom use is granted without fee provided that copies are not made or distributed for profit or commercial advantage and that copies bear this notice and the full citation on the first page. To copy otherwise, or republish, to post on servers or to redistribute to lists, requires prior specific permission and/or a fee.

You have to send the final version of your paper to interaccion2012@umh.es by June 30, 2012
